**Note:**

- All prints are high quality, 8 colour, ink jet prints onto unbleached rag paper, aka giclée ("g-clay") prints. All materials used are archival - using fade resistant pigments (lightfast for 108 years) and printing on to Hahnemühle fine art Photo Rag 188 gsm that is extremely age resistant.
- Pricing is based on supplying off white (matching paper colour) mats and clear glass.
- Sizes are based on the original drawings, other sizes can be produced if required providing they are not too greatly enlarged.
- RHS indicates that the print is from the 8 drawings that were awarded a gold medal by the Royal Horticultural Society, at their December 2008 Show.
- Images represented are for identification purposes only and will differ from the limited edition prints in colour due to computer settings.
